PEREGRINE PIXELS DELIVERS NEW MEDIA EXPERIENCE TO THE CITY OF DREAMS

Orlando, FL

Peregrine Pixels, LLC announced today the opening of *Dragon's Treasure*™, a 360 degree multi-sensory media experience at the City of Dreams Casino in Macau. Bursting with special effects, the 10-minute production is a stunning cinematic journey beneath the waters that surround the casino as guests submerge to the Jade Emperor's underwater palace.

Based out of Orlando, FL, Peregrine Pixels was responsible for the creation and quality control of the media for the entire experience. One of the largest projected media pieces in the world, the scale of *Dragon's Treasure*™ can only be described as epic.

"The story of *Dragon's Treasure*™ is so rich and engaging, and the venue provided some unqie opportunities for us," says Cecil D. Magpuri, Executive Producer/Founder of Peregrine Pixels. "Our film production team created an experience that took full advantage of this unique venue and engaged guests from every angle."

The *Dragon's Treasure*™ show is a revolutionary media experience. Designed for the City of Dreams' spectacular Bubble Theater, the show is an exclusive experience that dazzles visitors of all ages. The grand scale of the *Dragon's Treasure*™ media was further enhanced by the music: the score was composed by Klaus Badelt utilizing the London Symphony and recorded at Abbey Road.

"The music talent utilized for *Dragon's Treasure*™ was incredible!" says Cecil Magpuri. "We sought to create the most memorable media experience on the planet, and we're certain *Dragon's Treasure*™ will become one of the top entertainment experiences in Macau."

Dragon's Treasure™ opened the first of June 2009, as part of the grand opening celebration of the City of Dreams. Peregrine Pixels is currently working on new and exciting adventures, including a thrilling 3D spectacle for the 2010 Shanghai World Expo.
